

IT Training Suites – For Hire SE10 - central Greenwich

We have two well-equipped training rooms suitable for IT training or general training workshops. The rooms are equipped for ICT training, with Dell PCs, broadband access and data projectors. Both training rooms are in our Greenwich office, which is centrally located close to the station, town centre, and major bus routes.

Hire of the rooms includes a manned reception service, tea and coffee throughout the day and you can add a breakout room for a small additional charge. We charge a lower rate to voluntary and charitable organisations.

With the town centre and beautiful park on the doorstep there's plenty to do when your session comes to an end.

Note that both training rooms have stair access which must be considered if any users have limited mobility.

Room 1

Suitable for groups of up to ten.

- 10 PCs
- Broadband Access
- Data Projector
- Flipchart
- Tea and coffee facilities
